

Call for Papers

2024 Information Management Symposium
August 5 - 7, 2024
48th Symposium
JW Marriott Resort and Spa
Summerlin, Nevada

The NIRMA Symposium team invites you to participate as a speaker in the technical program for the 48th Information Management Symposium. If you would like to take advantage of this opportunity, please submit a 100-150 word abstract of the presentation you wish to present. Abstracts must be submitted **by April 26, 2024**, via email to Kathi Cole, NIRMA Vice President.

Email: kjccole1@yahoo.com

Phone: 702-423-7025

Selection of presentations will be based on the description provided in the abstract. Notification of acceptance will be made in late May 2024.

*If your abstract is accepted, you will be required to submit a publication-ready electronic version of your presentation **no later than July 26, 2024** (PowerPoint preferred).*

Presentations should focus on topics and issues associated with the business environment that supports nuclear and other highly regulated industries such as waste management, power generation, government programs, and process safety management. Technical presentations, workshops, and panel discussions will be considered. Sessions may be a single-hour or a series of progressive / multi-part presentations.

In 2024, we are again interested in learning about Case Studies by individuals within our community who can address either success or failure stories on various work-related projects performed at your jobsite. We also want to continue with Emerging Technologies topics, Soft Skills, 'Back to Basics' for Document Control, Records Management, General Management, Safety, and Legal topics to assist in training our veteran and newer staff members.

Of particular interest are presentations on: (Covered Topics)

Emerging Technologies	Long-Term Records Management - Challenges & Solutions
3D Models & Records	Information Governance
Digital Twins	Legal Issues
Applications of Robotics & Process Automation	Mobile Technologies Generating Record Information
Industry Specialty Topics (NEI, INPO)	Federal Changes to Highlight
International Nuclear Industry Experiences	Federal Government Records Management Requirements
Cyber Security	Privacy

Call for Papers
